Dog Agility Title Checklist

Category - Utilities

Elevator Pitch:

Do you have a dog competing in Agility? Are you tired of keeping track of all of the events, difficulty levels and scores? This simple app will keep track of all of that for you. Simply enter the information and it will save it for future use.

App Description:

This is an app that lists all of the events and difficulty levels of Dog Agility as presented by NADAC. Also included are the titles of the trainer using the app and the dog owned by the trainer that is competing.

The main functionality that involves the user interacting with the app will be when the user enters information into the app for record purposes. This information essentially comprises all of the points tallied up for each difficulty in each event.
